Seeing beyond

## One webshop that combines everything. ZEISS Metrology Shop.

You want to expand your ZEISS products? Then visit our ZEISS Metrology Shop. You can choose from more than 7,000 standard styli, machine accessories, measuring room equipment and refurbished ZEISS measuring devices. You can also easily book free and paid eLearnings and thus make learning a daily part of your work.

### Request for quotation

Put the products you need into the shopping cart and press the request button – we will respond in a few minutes.

### My orders

Under “My orders” you have a complete overview of all current and past store orders.

### Express products

Order express products before ten o'clock on a working day and receive your order the day after.

### Quick order

With our quick order tool you can “Copy & Paste” your product IDs or upload a .csv file.

### Free delivery

All deliveries on orders from our webshop are currently free of shipping costs all over Europe.

### Promotions

Attractive offers are waiting for you here. Save money or benefit from e.g. a free eLearning.

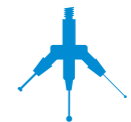

### Means of payment

With ZEISS prepaid budgets, you give your employees a budget that they can use in our online shop.

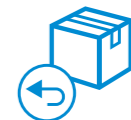

### Shopping cart

Besides direct order or quote request, you can save, send and download the shopping cart.

### Production of custom styli

Request a customized stylus with us. We can produce nearly any imaginable variant for you.

### Return

If you are not satisfied with your order, you can request a return in your account.
