

ZEISS OPTIKIT

Truly customizable surgical packs

Prepare for cataract surgery with OPTIKIT® from ZEISS to save time in surgical preparation and optimize your workflow.

Consumables and ZEISS products in one offering

From high-quality standard components to ZEISS products and phaco accessories, every item you choose comes from one provider for added convenience and a more efficient surgical preparation.

Sequential packing that matches your workflow

Define the order in which your selected components are placed in the ZEISS OPTIKIT, to add efficiency in your surgical preparation.

Quick and easy setup via ZEISS digital configurator

Supported by a digital configurator, you can select the most suitable product combination from a wide portfolio with full support from your trusted ZEISS representative.

Take full control when creating customized surgical packs that fit your needs.

Choose **ZEISS OPTIKIT customized** to receive components, such as knives, cannulas, drapes, swabs, gowns, gloves and more. With **ZEISS OPTIKIT plus** you can opt for phaco accessories for QUATERA® 700 and miLOOP® from ZEISS.
