

ZEISS Surgery Optimizer

Revolutionizing the way you
use surgical videos

Seeing beyond

The ZEISS Surgery Optimizer* is an AI-powered application that radically simplifies the entire process of storing, reviewing and accessing surgical videos, and that allows you to gain insights into your cataract surgeries.

**AI-powered
surgical insights**

**Seamless access
to your cases**

**Innovative teaching
& learning**

* ZEISS Surgery Optimizer App is non-medical device and not intended for diagnosing, treatment, or prophylactic activities.

Experience the advantages of a fully integrated workflow

By connecting devices, data and applications, the ZEISS Premium Cataract Workflow enables a seamless integration from office to OR and back.

Assess & educate

ZEISS IOLMaster 700

All **patient data** is captured and sent to the surgery planning software

Plan

ZEISS EQ Workplace
ZEISS VERACITY Surgery Planner

A **surgical plan** is considered for your patient

Treat

ZEISS CALLISTO eye

The case is recorded, documented and then exported to the cloud via **ZEISS CALLISTO eye**

Check

ZEISS Surgery Optimizer

The videos are directly available on **ZEISS Surgery Optimizer** via Web browser or app*

* only for iOS devices
